

## Breast Cancer Waiver for Estradiol Pellet Therapy

I, \_\_\_\_\_, voluntarily choose to undergo implantation of subcutaneous bio-identical estradiol pellet therapy, even though I have a history of breast cancer. I understand that such therapy is controversial and that many doctors believe that estradiol replacement in my case is contraindicated. My Treating Provider has informed me it is possible that taking Estradiol could possibly cause cancer, or stimulate existing breast cancer (including one that has not yet been detected). Accordingly, I am aware that breast cancer or other cancer could develop while on pellet therapy.

I have assessed this risk on a personal basis, and my perceived value of the hormone therapy outweighs the risk in my mind. I am, therefore, choosing to undergo the pellet therapy despite the potential risk that I was informed of by my Treating Provider.

I acknowledge that I bear full responsibility for any personal injury or illness, accident, risk or loss (including death and/or cancer issues) that may be sustained by me in connection with my decision to undergo estradiol pellet therapy including, without limitation, any cancer that should develop in the future, whether it be deemed a stimulation of a current cancer or a new cancer. I hereby release and agree to hold harmless Dr. Donovan, Treating Provider, BioTE® Medical, LLC., and any of their BioTE® Medical physicians, nurses, officers, directors, employees and agents from any and all liability, claims, demands and actions arising or related to any loss, property damage, illness, injury or accident that may be sustained by me as a result of testosterone pellet therapy. I acknowledge and agree that I have been given adequate opportunity to review this document and to ask questions. This release and hold harmless agreement is and shall be binding on myself and my heirs, assigns and personal representatives

## Ovarian Cancer Waiver for Testosterone and/or Estradiol Pellet Therapy

I, \_\_\_\_\_, voluntarily choose to undergo implantation of subcutaneous bio-identical estradiol pellet therapy, even though I have a history of ovarian cancer. ## INSURANCE DISCLAIMER

Preventative medicine and bio-identical hormone replacement is a unique practice and is considered a form of alternative medicine. Even though the physicians and nurses are board certified as Medical Doctors and RN's or NP's, insurance does not recognize it as necessary medicine BUT is considered like plastic surgery (esthetic medicine) and therefore is not covered by health insurance in most cases.

\_\_\_\_\_ is not associated with any insurance companies, which means they are not obligated to pay for our services (blood work, consultations, insertions or pellets). We require payment at time of service and, if you choose, we will provide a form to send to your insurance company and a receipt showing that you paid out of pocket. WE WILL NOT, however, communicate in any way with insurance companies.

The form and receipt are your responsibility and serve as evidence of your treatment. We will not call, write, pre-certify, or make any contact with your insurance company. Any follow up letters from your insurance to us will be thrown away. If we receive a check from your insurance company, we will not cash it, but instead return it to the sender. Likewise, we will not mail it to you. We will not respond to any letters or calls from your insurance company.

For patients who have access to Health Savings Account, you may pay for your treatment with that credit or debit card. This is the best idea for those patients who have an HSA as an option in their medical coverage.

### Mammogram Waiver for Testosterone and/or Estradiol Pellet Therapy

I, \_\_\_\_\_, voluntarily choose to undergo implantation of subcutaneous bio-identical testosterone and/or estradiol pellet therapy, even though I am not current on my yearly mammogram. I understand that such therapy is controversial and that many doctors believe that estradiol replacement in my case is contraindicated. My Treating Provider has informed me it is possible that taking estradiol could possibly cause cancer, or stimulate existing breast cancer (including one that has not yet been detected). Accordingly, I am aware that breast cancer or other cancer could develop while on pellet therapy.

For today’s appointment I DO NOT have a mammogram for the following reason:

- My decision not to have one.
- Unable to provide the report at this time.
- My doctor’s decision not to have one. Please provide a note from your treating physician with their rationale as to why they don’t want you to have a mammogram.

I am aware that a current report must be sent by mail or faxed to our office prior to my next HRT appointment. The Treating Provider has discussed the importance and necessity of a mammogram since I receive testosterone and/or estradiol. \_\_\_\_\_ (initials of patient)

I have assessed this risk on a personal basis, and my perceived value of the hormone therapy outweighs the risk in my mind. I am, therefore, choosing to undergo the pellet therapy despite the potential risk that I was informed of by my Treating Provider.

I understand that mammograms are the best single method for detection of early breast cancer. I understand that my refusal to submit to a mammogram test may result in cancer remaining undetected within my body. I acknowledge that I bear full responsibility for any personal injury or illness, accident, risk or loss (including death and/or breast, uterine or cancer issues) that may be sustained by me in connection with my decision to not have a mammogram and undergo testosterone and/or estradiol pellet therapy including, without limitation, any cancer that should develop in the future, whether it be deemed a stimulation of a current cancer or a new cancer. I hereby release and agree to hold harmless Dr. Donovitz, Treating Provider, BioTE® Medical, LLC., and any of their BioTE® Medical physicians, nurses, officers, directors, employees and agents from any and all liability, claims, demands and actions arising or related to any loss, property damage, illness, injury or accident that may be sustained by me as a result of testosterone and/or estradiol pellet therapy. I acknowledge and agree that I have been given adequate opportunity to review this document and to ask questions. This release and hold harmless agreement is and shall be binding on myself and my heirs, assigns and personal representatives
